ERP+ Business Module

1. Tally to WhatsApp Module
2. Document Attachment Module
3. Advance Invoice Format
4. Owner Dashboard
5. Smart Auto Backup
6. Advance Standard Narration
7. Envelop Printing
8. Grid Lines in all report
9. Address Book for Sundry Debtors & Creditors
10. Digital Business Card

Tally to WhatsApp Module

- Auto Send whatsapp From Tally
- Need to inform clients about Sales Bills / Delivery Notes raised towards them
- Inform Vendors about Purchase Orders / Material Receipts raised towards them
- Keep your Customers updated on the Sales Bills being generated in your company
- Update Vendors about payments made by your company
- Acknowledge payments received from clients
- An option available to send ledger statement & Outstanding
- Many more....

Document Attachment Module

The screenshot shows the TallyPrime interface for an Accounting Voucher Alteration (Secondary) window. The voucher is a Sales voucher for 'Vanell' with the number BSPL/2122/0410, dated 1-Nov-21. The table below lists the items and their amounts:

Name of Item	HSN/SAC Code	GST%	Quantity	Rate per	Amount
Tapentadol HCL IP	29339900	18 %	35.000 Kgs	30,000.00 Kgs	10,50,000.00
Insurance on Sales				0.05 %	525.00
Output IGST @ 18%					1,89,094.50
Round Off					0.50

A callout bubble in the center of the screen contains the text: "Attach document like .pdf, jpg, png, xls, word, Html etc..".

At the bottom left, there is a field for "Attachment File" with a question mark and "No" next to it, and a "Narration:" field below it.

Sometimes we create vouchers like Sales, Purchase, Journal and Payment etc., and feel whether any important scan document can be attached here. Yes! Document attachment in Tally Voucher saves us a lot of time in searching files and other places. Just open tally and view attached document. This will save us a lot of time and prevent us from making mistakes. so i have some of the most important thing for you and your business

Advance Invoice Format

The screenshot displays the TallyPrime interface with an 'Advance Invoice Display' window. The invoice is for YUVRAJ AND CO, dated 1-Nov-21. It includes a detailed header with company address, contact information, and GSTIN. The main body of the invoice is a table listing items, their descriptions, and associated costs, including a sub-total and insurance charges. The footer contains terms and conditions, an authorized signature line, and a note about insurance coverage.

Sl No	Item Description	HSN Code	UOM	Qty	Rate	Gross Amount
1	Supertedol HCL IP	29239990	Kgs	35.00	30,000.00	10,50,000.00
	Sub Total					10,50,000.00
	Insurance on Sales					625.00
	Output GST @ 18%					1,89,094.50
	Round Off					0.00
	Total			35.00 Kgs		12,39,720.00

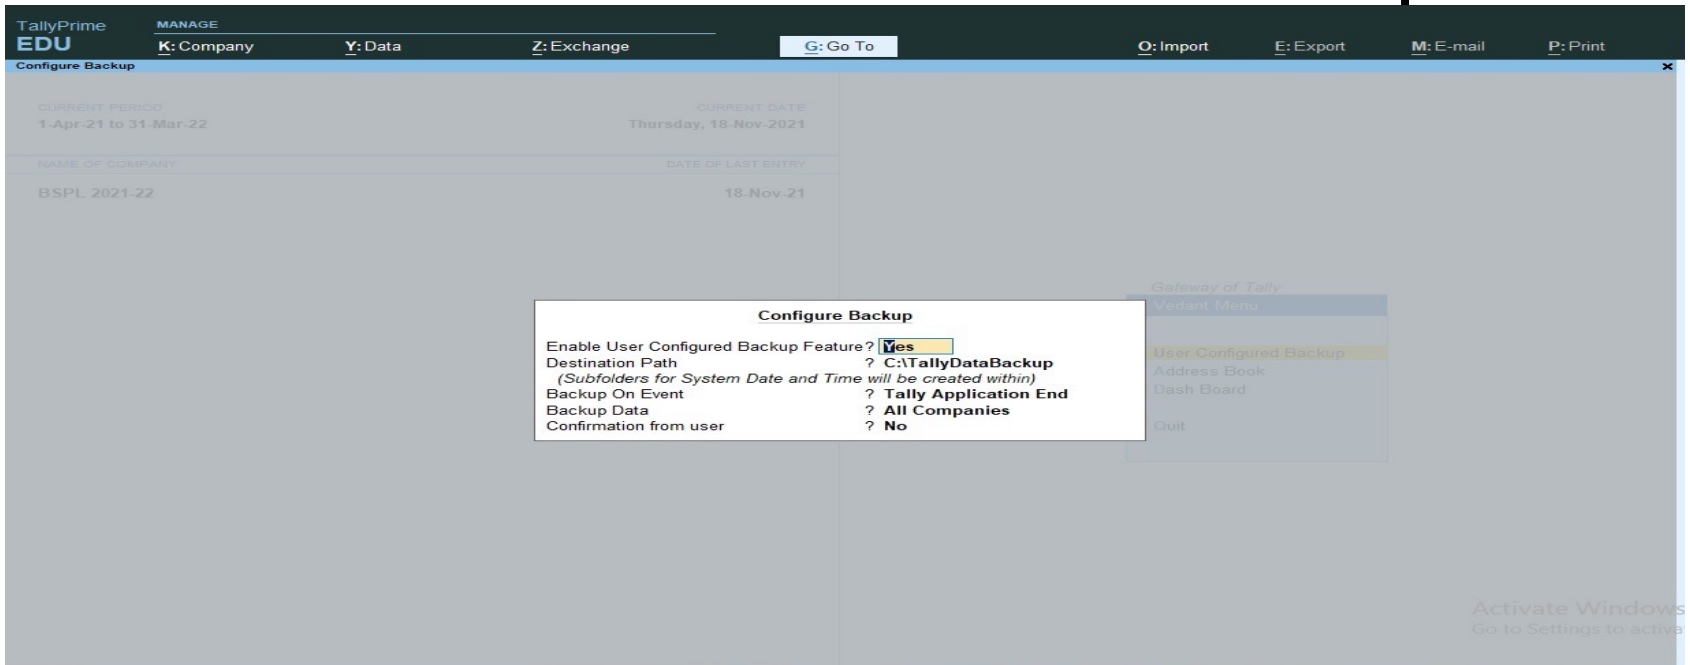

In Tally Default invoice is simple format. But our advance invoice format in more field like big size of company logo, letter head format, terms & conditions , more field, bank details columns, stamp & signature and many more...

This add-on displays the complete business picture on one screen. This report shows financial & inventory information with the ability to drill down to various reports directly. This report covers Cash & Bank, Outstanding, Cash Flow, Sales & Purchase, Stock, Capital & Fixed Assets, Loans, Profit & Loss, Top Customers & Suppliers, Top Products & Orders, Non & Slow Moving Items, etc. Group companies are also supported.

Smart++ Auto Backup

Business data is the crucial element from Small, medium to large scale industries. It is very essential to protect the crucial data for all types of industries from accidental loss, system crash and data corruption. Today, people tend to forget or neglect to take backups of crucial data. If such data gets corrupted it becomes difficult to recover causing major loss of time, efficiency and cost to the industries. Such Industries require the automatic backup system which takes the backup of the company data on daily basis.

Smart Backup++ automatically takes backup of your important tally data both in local and offsite location(FTP) at regular intervals. It safeguards your company data by rapidly restoring the backup during system failure or data loss, bringing your business back to normal operations.

Advance Standard Narration

The screenshot displays the 'Accounting Voucher Creation' window. At the top, it shows 'Payment No. 2' and the date '23-Apr-20 Thursday'. The account is 'Cash' with a current balance of '5,000.00 Cr'. The voucher is for 'Subhash' with a current balance of '1,436.00 Cr' and an amount of '1,000.00 Dr' against reference '1'. A 'List of Prefix' pop-up is visible, showing options: 'Not Applicable', 'Being Amount paid to 1', 'Being Amount paid to 2', 'Being Amount paid to 3', and 'Being Amount paid to 4'. The total amount is '1,000.00'.

Particulars	Amount
Subhash Cur Bal: 1,436.00 Cr Agst Ref 1	1,000.00
	1,000.00

Narration List :

Narration:

1,000.00

This feature allows us to create masters of the narrations which are commonly required. During voucher entry, this feature will help to select the narration from the pop up list or by pressing some keyword defined during master creation.

Envelop Printing

In every business, we store Customer/Supplier Information such as Address and other Contact Details. In Tally.ERP 9 & TallyPrime, this information gets stored in the Ledger (Customer/Supplier) Masters. Normally, we are unable to print these details.

It can be achieved using this add-on "Print Address on Envelope". Envelope Printing allows the user to print envelopes for sending mail to Customers/Supplier. The user can define the size and place of printing the address on the envelope.
